Fence and Hedge Regulations:

A. Fences and hedges when located within a front, side or rear yard, or within five feet of a lot line shall be subject to the following location and height restrictions:

- 1). No portion of a fence shall exceed seven feet in height.
- 2). Fences and hedges shall be located so no part thereof is within three feet of an alley or five feet of a street right of way.
- 3). In residential districts, fences with in the front yard shall not exceed four feet in height.

B. Fenced enclosures shall be provided for outdoor swimming pools with a depth of eighteen inches or more, and shall be subject to the following requirements;

1. Fences must be at least four feet in height from ground level but not to exceed seven feet from the top rim of the pool and have no spaces that would allow a four inch sphere to pass through.
2. Fences must have a self-closing and self- latching device on the gate.
3. Fences must be located so no part thereof is within three feet of an alley.
4. Front yard fences may not extend into the area of the front yard between the front lot line and the front yard setback requirement designated in the ordinance.

C. Barbed wire and electric fences shall subject to the following requirements:

1. Barbed wire fences shall not be allowed in residential or commercial zone areas.
2. Barbed wire and electric fences shall be prohibited within five feet of a public sidewalk or within four feet of street right of way where a public sidewalk does not exist.
3. In the case wherein barb wire fences are necessary for the protection of domestic animals, all barb whether suspended vertically or horizontally must be at least five feet above the average level grade of the fenced area.
4. Except for the enclosure of livestock operations in Agricultural zones (i.e. A-1), electric fences shall not be permitted in any district.
5. No electric fence shall carry a charge greater than twenty five milliamperes nor a pulsating current longer than one-tenth per second in a one-second cycle. All electric fence chargers shall carry the seal of an approved testing laboratory.
